

PRIYANKA G

Electronics and Communication Engineering Student • An Expeditious Learner

Email: priyankagopi12999@gmail.com | LinkedIn: linkedin.com/in/priyanka-g-ece | LeetCode: leetcode.com/Priyanka_G/
Coimbatore, India

PROFESSIONAL SUMMARY

Ambitious and diligent Electronics and Communication Engineering student with strong technical problem-solving skills and demonstrated expertise across hardware-software domains. Passionate about full-stack development, embedded systems, and data-driven solutions. Proven experience handling Java, C, Python, and modern software stacks alongside microcontroller micro-architectures, IoT protocols, and cloud platforms. Eager to leverage technical expertise and collaborative skills within innovative engineering teams.

TECHNICAL SKILLS

Languages:	C, Java, Python (Advanced)	Development Tools:	VS Code, Git, Figma, FlutterFlow
Cloud & Infra:	AWS, Google Cloud	Hardware & IoT:	Unix/Linux, Embedded Systems, Automation, Circuits

INTERNSHIPS & HANDS-ON EXPERIENCE

Internship • IBM SkillsBuild 2025

Coimbatore, India

- Developed an AI-Powered Study Buddy for students utilizing customized Python processing modules and AI core intelligence.
- Handled confidential administrative information and system assets with strict compliance, ensuring disciplined documentation and file governance.

Internship • Encapsulate IT 2025

Coimbatore, India

- Designed and engineered a modular, responsive web interface tailored for marketing and detailing electronic gadgets.
- Applied foundational UI/UX layouts coupled with integrated frontend scripts to enhance user accessibility and seamless device mapping.

Internship • Triox Technology Pvt Ltd 2024

Coimbatore, India

- Contributed to a real-world automated water monitoring framework leveraging microcontrollers for real-time data feedback loops.
- Engineered hardware-software logic loops to regulate automation thresholds, refining firmware stability for low-power operation.

KEY PROJECTS

Railway Gate Automation | *Embedded Systems & IoT*

- Designed an automated RFID-based infrastructure checkpoint integrating precise dynamic train tracking and velocity approximation.
- Programmed an ultra-secure, fail-safe override mechanism featuring OTP and voice-controlled authentication structures to prevent accidental line failures.

Accident Analyzer | *Data Science & Analytics*

- Constructed an analytical machine learning module to evaluate and isolate high-risk accident coordinates from multi-source traffic feeds.
- Engineered robust pipelines executing data sanitization, K-Means clustering, and high-fidelity visual plots utilizing Matplotlib.

E-Appliances Controller & Circuit Breakers | *Electronics & Automation*

- Built a wireless home appliance network controlled remotely via configured RF communication transceivers and microcontrollers.
- Designed robust electronics control loops implementing electronic safety relays, short-circuit mitigations, and solid-state isolation barriers.

EDUCATION

SNS College of Technology, Coimbatore

B.E. Electronics and Communication Engineering

CGPA: 8.88 / 10.00 | 2023 – 2027 (Pursuing)

GHSS Anaiyur

HSC (Class XII) — 88% 2023

SSLC (Class X) — 90% 2021

HACKATHONS & ACTIVITIES

- Selected & Participated in Smart India Hackathon (SIH) 2025.
- Presented a technical research paper at the DRDO National Conference.
- Engaged in campus Innovation Ideathon and active NSS Community Volunteer.

CERTIFICATIONS & LEARNING

- IBM:** Enterprise Design Thinking Practitioner, Co-Creator, Team Essentials, AI Fundamentals
- MICROSOFT:** Azure AI Fundamentals
- ORACLE:** Data Science, AI Associate, Generative AI Foundations
- PREPINSTA:** AWS Cloud, Data Analytics, Operating Systems, DSA in Java

SOFT SKILLS & CORE TRAITS

- Leadership & Teamwork:** Demonstrated across group projects and volunteer drives.
- Problem Solving:** Structural analytics mindset; active on LeetCode & GitHub.
- Communication:** Fluent professional articulation, technical reporting and documentation.

I hereby declare that the details provided above are true and authentic to the best of my knowledge and belief.
